EDMONTON BULLETIN APRIL 27th, 1893

#### TRAFFIC BRIDGE.

The events of the past ten days have brought out more clearly than ever before the great necessity which this town and all the country north of the river has for a traffic bridge across the Saskatchewan and for closer connection with the railway station. For ten days communication except on foot has been absolutely suspended and crossings on foot have only been made at considerable inconvenience, great risk and latterly at a noticeable expense. During this time spring freight and settlers desirous of locating have been coming in more rapidly than at any other season. The loss to the merchants resulting from not getting their freight, and not getting their share of the trade of the new arrivals, and the loss to the country north of the river in having settlers barred out for so long a term at such a critical time, is something which cannot be made light of, to say nothing of the disadvantage to the settlers themselves. In times past there were no settlers coming in at this season and everybody was used to waiting so that a few days or weeks did not matter. But times are changed. Minutes count; and if this town intends to keep at the head of the procession it must place itself in position to trade with everybody at all times, to see that access to its stores and industries is not barred for a moment at any season, instead of being absolutely barred twice in the year for periods of from five days to two weeks at the most critical seasons. Nor is the disadvantage confined to the seasons of the opening or closing of the river. All summer long incoming and outgoing freight and passengers have to travel a very long distance into or out of the deep valley of the river, besides crossing the river itself on ferries, which although probably the best in the country are still far away from being as safe or desirable a mode of crossing as a bridge. While those of us who have lived in the country a long time know and understand the reasons for these things and reckon accordingly of the hundreds of prospectors and investors who made the trip to Edmonton last year very few looked upon the matter in the same way. The fact that Edmonton is on the opposite side of the river from the railway station, without any bridge across or any indication that the road is likely to cross to Edmonton, has been mentioned and commented on unfavorably by nearly every visitor. Although since the railway was built our town has grown and prospered marvelously and beyond expectation, it must be evident that these influences have prevented a much greater growth in the past and will certainly have a like effect in the future. These arguments were all perfectly clear to the minds of the people of this town when the railway was being built and before it was incorporated. Incorporation was carried on the express understanding that it was to be used for the purpose of securing the greatest advantage from the existence of the railway, and yet up to date, beyond sending a delegation to Ottawa on the subject, nothing has been done. What Ottawa is likely to do for us in the matter we had two opportunities to judge last summer—once when the attempt was made to remove the land office, and once when the engineer sent to survey a site for a bridge insisted on surveying it where the town did not want it and where it would be of the smallest possible benefit to the south side of the river as well—and another this winter when in spite of all hopes that were held out in spite of the offer of the town to bear a proportion of the cost, not a dollar was voted towards a bridge across the Saskatchewan. After such dealing as this we cannot afford to wait longer on the government, no matter how strong our claims are or how just our cause. The only practical course left open for us is to approach the railway company with a substantial offer of money or money and land and see whether or not we can get the railway to cross the river and if not how closely and conveniently we can have it brought to us. We have dallied in this matter too long, and let everything take its course. That is not the way towns have been built in the past and it is not the way to build them now. While taking the full benefit of all the many advantages of our situation it is just as necessary to take due means to overcome such disadvantages as we labor under, and which circumstances have forced so strongly upon our notice within the past few weeks.

Montreal Star: "A mighty fear of McCarthy seems to have fallen upon the ministerial press. Until his Toronto meeting they had little for him but ridicule. He was an academic statesman, a lawyer playing at politics; he was in a perpetual state of packing his little band 'grip' and hieing away to the serene atmosphere of the courts. But now he is 'a dangerous agitator'; a mark upon which may well be trained the most costly artillery of the

auditor-general's brigade. Nor is the cause of panic far to seek. The party were quite willing to trust McCarthy, even in his most vicious mood, with their majority in the commons. He might bring to the task of enticing these men from their political allegiance all his legal acumen, all his trained powers of cogent reasoning, all the awkward facts that his noted industry as a special counsel might collect; but they knew that so long as the supply of lieutenant-governorships and post offices and customs houses and other trinkets did not give out, he was talking to a deaf jury."

## F. D. FORTIN,

Beautiful your homes, increase the value of your farms, by planting Ornamental Shrubbery and Fruit Trees, supplied by Stone & Wellington, the largest and most reliable nursery firm in the Dominion of Canada. R. Hockley, authorized agent for the Edmonton district. Office opposite Robertson's Hall.

## Victor Chief.

Victor Chief is in color a solid black. Stands 15½ hands. Weighs 1000 lbs. and when matured will make 1200. His disposition is all that can be desired. For beauty, style, speed and road qualities he has no superior anywhere. Although he has never been trained, he possesses a natural trotting gait, and action. Foaled June 17th, 1890. He was sired by Bronze Chief 8868, bred by A. L. Chap. Lodi, Ohio, and at four years old and Palo Alto, 2084; Sire of the champion 2 year old of the Maritime Provinces; record 2:47½, who, after being six days on the train and sick with distemper defeated a large field of Upper Province Colts at Belmont, Ontario. Victor Chief carries in his veins the blood of Belmont, Abdallah, 15, and the grand old father of American trotters Hambletonian 10, the grand sire of the queen of trotters Nancy Hanks 203; Sunol 2584; Arion 210 at 2 years old and Palo Alto, 2084; Maid S. 2284; and 1100 others with records from 2:30 to 2:04. This is surely enough to convince every well informed horseman that Victor Chief is bred in the best of trotting strains. Sire Bronze Chief. He by Monaco by Belmont, by Abdallah 15, by Hambletonian 10. Dame Lady Sherman, by General Sherman, by Young Columbus; 2nd Dame, Kate Nox, by Royal Nox he by General Nox.

I would respectfully invite intending breeders, and owners of mares, which they desire to breed, to examine this horse for themselves. I will be always pleased to show him to anyone. THEO. FULTON, South Edmonton.

#### FORTNIGHTLY ROUTE.

Victor Chief will leave his own stable every alternate Monday, during season commencing May 1st and take the following route:

MONDAY—Noon in Clover Bar settlement. Night at W. Walker's, Beaver Hills.

TUESDAY—Noon, Fort Saskatchewan, South side. Night, Fort Saskatchewan, North side.

WEDNESDAY—Noon at Horse Hills or Belmont. Night at M. McCauley's stable, Edmonton.

THURSDAY—Noon at his own stable, South Edmonton until the following Monday morning.

MONDAY—Night at St. Albert.

TUESDAY—Night at his own stable, South Edmonton, until the following Monday.

TERMS:—\$15. Mares not proving in foal are entitled to return free next year.

## A REPLY TO AN IMPORTANT QUESTION

Which is the best and cheapest Dry Goods Store in Town? is the question now frequently asked by the Settlers, who have recently arrived in this district. In answer to this important question, I would respectfully but emphatically reply, the

## MANCHESTER HOUSE.

Dealing as I do almost exclusively in Dry Goods, I have always on hand a larger and better assorted stock than any house in Town. Prices too are cut so fine, that it is frequently remarked by those who seek quotations "Why you are selling as cheap as they do down east, and in fact in some cases cheaper."

Many of the lines have been personally selected in the best English Markets.

LADIES', MEN'S AND CHILDREN'S DEPARTMENTS  
HOUSE FURNISHINGS, &c., &c.

Will be found a splendid assortment of goods which cannot fail to please, and at prices that must draw crowds of purchasers.

## W JOHNSTONE WALKER,

DIRECT IMPORTER OF ENGLISH GOODS.

## Retiring from Business.

McNeil, Regina; J. W. Mills, A. L'Hereux, Winnipeg; R. A. Whyte, J. Cameron Blair, Paisley, Scotland; C. B. Arnold, Chatham; C. J. Duggan, Calgary.

Free Press, April 21: Travellers from the west report that the country is bare of snow west of Regina. From that point plenty of snow is seen all the way to the city. Farmers and large stock farm proprietors are seedling along the line from Moose Jaw west. Around Medicine Hat the weather is like summer. Plenty of antelope are to be seen around Walsh. In some sections of the country numbers of dead horses and cattle are lying on the plains, the results of the severe winter.

## MONEY TO LOAN.

Standing advertisements—50 cts a line for 3 months.

FRANK OLIVER, — PROPRIETOR.

EDMONTON BULLETIN APRIL 27TH, 1893

## LOCAL.

Jas. Price of Belmont began plowing on Monday April 24th.

The train of Monday night brought 2coaches, 3 cars of merchandise and 1 car of settlers effects and 1 car implements.

J. CAMERON BLAIR and R. A. Whyte of Parsley, Scotland, arrived on Monday's train to locate in the Edmonton district.

J. BLAIR and R. Whyte arrived from Scotland by Monday's train and have purchased C. P. R. land in the Clover Bar district.

The number of runaways in Edmonton and vicinity during the past week or two may be accepted as absolute evidence of the abundance and good quality of the oats grown in this district.

A. H. MARTIN, taxidermist, has mounted several handsome ducks of this season's shooting. Also a blue jay. A curiosity in his collection is a black rabbit, killed in Clover Bar settlement.

J. WALKER of South Edmonton picked a full blown rose in his garden on Saturday last April 23rd. This is proof that the season is a very hardy flower, rather than that the spring is early, or the weather warm.

A large party of H. B. officers and men went north to the Landing on Wednesday with Kelly & Chisholm's teams, to work on the H. B. steamer plying on the Athabasca, Great Slave and Mackenzie rivers. They include Capt. Mills, of the Wrigley, Capt. Favel, Edmonton, of the Grahame, and J. L. Heroux engineer on the Athabasca, besides a number of men. Capt. Segars of the Athabasca resides at the Landing.

A copy of the Berlin, Ontario, daily News just received contains a article denouncing emigration to Dakota, and mentioning that a public meeting in that interest had been held in Berlin by a United States agent named Baird. The paper hopes that the day of Waterloo county immigration to Dakota is past. And yet our deputy minister of interior says that United States agents have been withdrawn from Canada.

CAPT. J. W. MILLS arrived from Winnipeg on Monday's train to go north to take charge of the H. B. Steamer Wrigley on the waters of Mackenzie. Capt. Bell who has commanded the Wrigley for some years is coming out this spring.

The following list of dates upon which the river cleared of ice at Edmonton during the past ten years may be of interest to strangers by way of comparison with the present season. Also the dates of commencement of seeding, both compiled from the files of the BULLETIN. The record may not be absolutely accurate because in mentioning the clearing of the river, sometimes the ferry did not begin to run promptly after the ice was out, while at other times it began to run before the river was altogether clear. So also in the case of the commencement of seeding sometimes allusion is to an isolated case of seeding and sometimes to the fact that seeding began generally. However for practical purposes the dates are accurate. The river cleared of ice in 1882 on April 20th; in 1883 on April 18th; in 1884 on April 20th; in 1885 on April 7th; in 1886 on April 17th; in 1887 on April 23rd; in 1888 on April 28th; in 1889 on April 19th; in 1890 on April 28th; in 1891 on April 17th; in 1892 on April 21st and in 1893 on April 25th. Plowing and seeding began in 1882 on April 17th; in 1883 on April 16th; in 1884 on April 6th; in 1885 on April 15th; in 1886 on April 20th; in 1887 on April 18th; in 1888 on April 20th; in 1889 on April 1st; in 1890 on April 28th; in 1891 on April 13th; in 1892 on April 13th; and in 1893 on April 20th. Of the years mentioned 1884 and 1887 were the most successful, seeding commencing on April 8th in 1884 and on April 18th in 1887. In 1888 and 1889 when seeding began on April 20th and 28th respectively crops were good. This shows that the return of the year do not depend upon the date of commencement of the growing season. Every season is long enough if the times of growth and ripening are favorable, and any season is too short no matter how early it begins if the after conditions are unfavorable.

## GENERAL NEWS.

Ten inches of snow fell in Minneapolis on April 20th.

Leo Gaetz of Red Deer has gone to Chicago to assist in arranging the Northwest exhibit for the World's fair.

Floods at Grands Forks and Crookston caused the Northern Pacific train to Winnipeg to be cancelled on April 21st.

Heavy losses of cattle are reported from Touchwood Hills, owing to the long and severe winter and scarcity of feed.

Qu'Appelle Progress: The loss of stock in the Touchwood district is reported to be considerable. Scarcity of feed is the chief cause.

Regina Leader, April 20: Seeding has been going on pretty generally for a week past in some of the settlements a few miles north of Regina.

Free Press, April 20th: Some seeding has been done in various parts of Manitoba and the Northwest, but it is not likely that farmers will be able to get on the land generally for two or three weeks yet.

A Quebec city correspondent of a Montreal paper writes: "The wholesale exodus of the French Canadian rural population from the districts around and below this city is clearly assuming all the proportions of a great national calamity."

Winnipeg holds 300 passengers by the steamer Vancouver in quarantine. They have been accommodated with houses and tents west of the exhibition grounds and are fed at the city's expense. The city also keeps a large force of police guarding them.

Winnipeg Tribune, April 22: A party of settlers, with two cars of effects, left Orchard, Nebraska, for Manitoba. Thursday and Friday another large party of prospectors left Creighton in the same state to look over the lands in the Edmonton district.

Latitude News, April 20: The regular April storm visited this district last Wednesday morning and snow fell to the depth of about three inches. Yesterday after the storm abated the sun came out bright and warm causing the beautiful rapidly disappearing and, to day it is still going and will probably be gone by night.

The Free Press of April 22nd reports that a domestic in a private family there had been stricken with small pox. The woman arrived at Halifax from Ireland by the steamer Buenos Ayres on March 29th, and reached Winnipeg on April 3rd. The residence has been quarantined, and every possible means taken to prevent the spread of the disease.

Regina Standard, April 21: Frank Peters returned from the coast on Sunday. He has been engaged as building foreman by contract or Tompkins and will superintend the construction of the new C. P. R. station here. Mr. Peters expects an engineer to arrive in a few days to lay out the site, after which operations will be immediately pushed forward.

In Iowa on Thursday, April 17th, the worst storm of the year prevailed, doing irreparable damage to fruit. In Illinois a roaring old blizzard was experienced, which did great damage to property. It snowed fifteen hours. In Iowa the storm was just as bad, and a flood is feared. In Michigan the storm was just as bad, and damage was done to shipping. The storm also took a sweep over Ontario.

Winnipeg Tribune: An interesting experiment has been tried, with considerable success, in the Indian reserve day schools in the Edmonton district. Each teacher is required to have a vegetable garden around the school, worked by the Indian children. The department gives one ounce of meat a day to each child, and a small quantity of rice. From this, with the vegetables grown, soup is made by the teacher for the mid-day meal, each child also receiving a large biscuit. One of the most successful teachers in the district is an Indian girl.

An Ottawa telegram says a prominent member of the Consumers' Cordage Company is in town. He states that prices for binder twine this season have not yet been issued. He claims that they will be lower than ever, and predicts that his company will undersell the Farmers' Binder Twine factory of Brantford, because the latter bought raw material before the recent fall in prices. Negotiations are still in progress for the sale of binder twine this season in Manitoba and the Northwest through the medium of Canadian Pacific railway agents.

Winnipeg Commercial, April 15: Instead of becoming more spring like, this week has been colder—in fact we had a setback right into winter again. A terrific storm, extending over a vast area of territory, swept the country on Wednesday, extending in all directions, and as far south as the state of Missouri. In the south it took the form of cyclones, causing death and destruction to many. In Manitoba it came as a snow storm, accompanied by high winds, making the wildest blizzard of the past winter. Following the storm the weather has been very cold, more like February or early March than April. The storm delayed railway traffic, and business generally, and the spring season, already late, has been further put back. Although it is the middle of April, no reports of seeding, especially on heavy soil. A very late opening of navigation is now beyond a doubt. It is thought that Lake Superior will not be open at Port Arthur before near the end of May. Altogether the cold weather has been a great drag upon business, and some dealers are expecting a lighter trade in spring goods as a consequence.

Any person requiring brick early it would be to their advantage to give their orders as soon as possible. We guarantee our brick 1st class and to fill all orders after May 1st. next.  
MESSRS LITTLE & MALONEY, PROPRIETORS

## TOWN COUNCIL.

WEDNESDAY, April 27.

Present—Mayor McCauley and Councillors Goodridge, Sanderson and Gallagher.

Communications were received from J. M. Parsons and the Waterloo Engine Works company regarding fire appliances.

The clerk was instructed to inform J. M. Parsons that the council would prefer to hold to the agreement already made. Also to inform the Waterloo Engine Works company that it is the intention of the council to purchase a fire engine.

The finance committee recommended payment of:

Pay sheet No. 3, board of works, \$ 114 50  
Reported paid treasurer by W. Humberstone, ferry license, \$ 100 00  
Dray license, 2 00  
Dog tax, 3 00

The treasurer submitted a statement to the 1st day of April showing a balance on that day of 1,765.45.

Gallagher—Sanderson—moved the adoption of the report.

A report was read from the health officer recommending that ditches be raked out on the graded streets, that the slaughter house be cleaned and that the refuse on the nuisance ground be burnt.

Gallagher—Sanderson—moved that the board of works be instructed to have the nuisance ground fenced with a wire fence.

The solicitor was instructed to prepare a by-law prohibiting any one from leaving a horse standing on the street without being tied, or without a person in charge.

By-law 11 was considered in committee of the whole and the council adjourned.

## SPORTS MEETING.

A very well attended meeting was held in the Hotel Edmonton, South Edmonton, last night.

H. Wilson, chairman, explained that the object of the meeting was to decide upon a day to hold sports this year and to have the same day each year for that purpose. At the same time it would be advisable to consult with Edmonton this year, so that the sports of both places would not clash. He mentioned that the 1st July had in the past been held by Edmonton for their sports and thought the 24th of May would best for South Edmonton, Arbor day, 10th May, was hardly a sufficiently recognized holiday for the purpose.

W. H. McMahon thought that if Edmonton had made arrangements for sports this year on the 24th of May as well as 1st July, South Edmonton might take the 25th for this year.

R. McKernan thought South Edmonton should take the 24th of May regardless of Edmonton, this year and every other, and if sports were not held on the 24th of May this year he would withdraw his subscription, as the subscription was given for sports on that day.

Mr. McLean thought it necessary to establish a day for sports in South Edmonton and considered the 24th of May the best. On the question being put to vote that day was decided upon.

Messrs. Dickson and McMahon were selected to represent South Edmonton at a meeting to be held in Edmonton to-morrow to see what arrangements can be made with reference to the coming 24th. Messrs. Wilson, Dickson and McLean were elected a committee to draw up a programme to be submitted at the next meeting, which will take place on Saturday. No other arrangements to be made till after the meeting in Edmonton to-morrow night.

## MISCELLANEOUS.

## By-Law No 39

A By-Law to provide for borrowing on the credit of the Municipality at large, the sum of \$11,770.50 for the payment of the costs of certain local improvements.

Whereas under and in pursuance of paragraph (a) of section 208 (a) of the Municipal Ordinance as the said Ordinance is amended by section 13 of Ordinance No. 19 of 1893 certain petitions duly signed were presented to the Council of the Municipality of the town of Edmonton asking that certain improvements should be made upon certain streets of the town to be paid for by a special assessment upon the properties benefited.

And whereas certain of the said improvements were made, the expenditure therefor having been met by means of temporary advances or loans effected in pursuance of Section No. 14 of the said Ordinance, No. 19 of 1893.

And whereas by-law No. 28 of the Municipality provision was made for ascertaining and determining what real property had been immediately benefited by the said improvements and the proportions in which the assessment was to be made on the various portions of the Real Estate so benefited and for assessing the cost of the said improvements by means of a special rate.

And whereas in pursuance of the said By-Law the total expenditure for the whole of the said improvements was ascertained on the 1st day of November, A. D. 1892 to be \$11,770.50; and there was also ascertained (amongst other things) the cost of the improvements made under each of the said several petitions and the nature of the improvements in each case; the real property fronting upon each of the streets whereon the said improvements have been made and the extent of its frontage on each street showing under which of the said several petitions the various portions of the said improvements were made; and the proportions in which the assessment ought to be made on the various properties ratable in respect of the said improvements.

And whereas the cost of the said improvements have in pursuance of the said By-Law No. 28 been duly assessed against said lands.

And whereas the probable life of the said improvement as certified by the chairman of the standing committee of the council on public works, being the officer appointed by the council for that purpose, is ten years from the first day of November, 1892.

And whereas the value of the whole land fronting on the streets respectively whereon the said improvements were made and wherein the special frontage assessment is chargeable, is according to the last revised assessment roll \$119,679.60.

And whereas for the purpose of repaying the said temporary advances or loans and interest it is necessary and expedient to borrow upon the credit of the Municipality at large the said sum of \$11,770.50 by the issue of debentures, the principal whereof shall be repayable on the 31st day of October, 1902 and which shall bear interest from the 1st day of November, A. D. 1892, in the meantime, half yearly at the rate of six per cent per annum.

And whereas while the said debt is created on the credit of the Municipality at large the Municipality is to collect the same only by way of a special frontage assessment.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount required to be raised annually by a special rate for payment of the said debt of \$11,770.50 by means of a sinking fund as aforesaid and the interest thereon as aforesaid is \$1,964.05.

And whereas the annual special rate for the paying of the said interest and to create said equal yearly sinking fund for the payment of the principal is a sum computed as follows, that is to say:—each of the parcels of land assessed as aforesaid shall in each of the said years be charged with a sum made up by adding together (1) a sum being one year's interest at the rate of six and one tenth per cent per annum on the amount assessed as aforesaid against such lot; and (2) a sum being .08271 for each dollar of the amount so assessed as aforesaid against such lot.

Therefore the Mayor and Council of the Municipality of the town of Edmonton in council assembled enact as follows:

(1) This By-Law shall come into force on the first day of May, 1893.

(2) The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality at large the said sum of \$11,770.50 and interest thereon at the rate of six per cent per annum from the first day of November, 1892, and for that purpose may issue debentures of the Municipality at large in sums not less than \$100 each and repayable on the 31st day of October, 1902, bearing interest at the rate of six per cent per annum from the first day of November, A. D. 1892, payable half yearly; such debentures to be payable at the Imperial Bank of Canada, in Edmonton, Alberta, N. W. T., and to have attached to them coupons for the payment of interest.

(3) For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and to create an equal yearly sinking fund to be set apart for the payment of the said principal sum of \$11,770.50, there shall be levied in each of the years 1893 to 1902, both inclusive, an annual special rate (over and above all other rates) upon all the real property assessed as aforesaid under and by virtue of said By-Law No. 28 and the said annual special rate shall be computed as follows, that is to say:—each of the parcels of land assessed as aforesaid shall in each of the said years be charged with a sum made up by adding together (1) a sum being one year's interest at the rate of six and one tenth per cent per annum on the amount assessed as aforesaid against such lot; and (2) a sum being .08271 for each dollar of the amount so assessed as aforesaid against such lot.

(4) The credit of the Municipality is hereby pledged for the payment of the said sum of \$11,770.50 and interest as aforesaid.

Done and passed in Council this 25th day of January, 1893.

(L. S.) M. McCAULEY, Mayor.

A. G. RANDALL, Clerk.

I hereby assent to By-Law No. 39 of the Municipality of the Town of Edmonton.

(L. S.) J. ROYAL,

Lieutenant Governor of the Northwest Territories.

The above is a true copy of a By-Law passed by the Municipal Council of the Municipality of the Town of Edmonton on the 25th day of January, A. D. 1893, and approved by His Honor the Lieutenant Governor-in-Council on or about the 25th day of April, A. D. 1893, and all persons are hereby required to take notice that anyone desirous of applying to have such By-Law or any part thereof quashed must make his application for that purpose to the Judge of the Supreme Court within three months next after the third publication of this notice, or he will be too late to be heard in that behalf.

A. G. RANDALL, Clerk.

## By-Law No 48

A by-law to provide for borrowing the sum of \$15,000 upon the credit of the Municipality.

Whereas it is expedient that there should be raised by the Municipality of the Town of Edmonton the sum of \$15,000 to enable the Municipality to erect a fire hall, to purchase certain fire apparatus required for the use of the Municipality and provide means for a suitable supply of water for purposes of fire-protection.

And whereas the value of the ratable property in the Municipality, according to the last revised assessment roll, is \$661,364.00.

And whereas the amount of the existing debt of the Municipality, other than for current expenses, is \$19,500.35 (incurred in respect of local and permanent improvements) and \$208.30 for interest thereon making together \$20,708.65, whereof no part is in arrears.

And whereas it is expedient to borrow the said sum of \$15,000 by the issue of debentures, the principal whereof shall be repayable in 20 years from the date on which this by-law taken effect and which shall bear interest in the meantime payable half yearly at the rate of 5 per cent per annum.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount which will be required to be raised annually by a special rate for repaying the said debt of \$15,000.00 by means of a sinking fund as aforesaid, and the interest thereon as aforesaid is \$1,938.65.

And whereas the annual special rate on the dollar required as being sufficient to pay the said interest and to create the said equal yearly sinking fund for the paying of the principal is one mill and eighty-two one hundredths of a mill.

Therefore the Mayor and Council of the Municipality of the town of Edmonton in council assembled enact as follows:

(1) This by-law is to take effect on the 2nd day of July, 1893.

(2) The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality the said sum of \$15,000.00 and may issue debentures of the Municipality to that amount in sums not less than \$500.00 each, repayable within twenty years from the said 2nd day of July 1893, with interest at the rate of five per cent per annum payable half yearly; such debentures to be payable at the Imperial Bank of Canada, Edmonton, Alberta, N. W. T., and to have attached to them coupons for the payment of interest.

(3) For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and creating an equal yearly sinking fund to be set apart for the payment of the said principal sum of \$15,000.00 a special rate of one mill and eighty-two one hundredths of a mill on the dollar, over and above all other rates and taxes, shall be levied (in the same manner and at the same time as the general municipal taxes) upon the whole ratable property in the Municipality in each year for the period of twenty years from the said 2nd day of July, 1893, being the period during which the said debentures will run.

(4) Wednesday the 10th day of May, 1893, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon at the office of the town clerk, Edmonton, is hereby fixed as the day and hour and place for taking the votes of the electors for and against this proposed by-law.

(5) A. G. Randall is hereby appointed returning officer and J. R. Michael deputy returning officer to take the votes at the said time and place.

(6) Wednesday, the 10th day of May, 1893, at the hour of six o'clock in the afternoon at the town clerk's office, Edmonton, is hereby fixed as the time and place when and where the returning officer shall sum up the number of votes given for and against this proposed by-law.

Provisionally adopted in council this 12th day of April, 1893.

M. McCAULEY, Mayor.

A. G. RANDALL, Clerk.

Public notice is hereby given that the foregoing is a true copy of a proposed by-law which will be taken into consideration after one month from this 17 day of April, 1893, being the date of the first publication thereof in the "EDMONTON BULLETIN," a public newspaper published within the Municipality, and that the vote of the electors of the Municipality will be taken thereon at the town clerk's office, Edmonton, on the 10th day of May, 1893, from the hour of 9 o'clock in the forenoon to 5 o'clock in the afternoon and the polls will then and there be held for that purpose.

A. G. RANDALL,

Town Clerk.
